

7700 Shielded Ribbon Assembly Length

701 Brooks Avenue South, Thief River Falls, MN 56701 phone: 800-344-4539 fax: 218-681-3380

Cable Length
Tolerance: + .25"

The specified length of Digi-Key's value-add ribbon cable assemblies using 3M's 7700 series shielded cable is the length of the cable between connectors. On single ended assemblies enough additional foil-stripped cable is included to add another connector while still maintaining the specified length between connectors. On pre-stripped cables, the 0.16" foil-stripped ends are in addition to the specified length.

For custom lengths or configurations, send inquiries to custom.orders@digikey.com
