

318BT – Bluetooth AudioStix®

NEW PRODUCT BULLETIN 626

Plug, Connect, Play

The 318BT is a small, in-line wireless audio receiver that utilizes the 4.0 Bluetooth®* technology to stream audio from any Bluetooth enabled device. This AudioStix® is powered by phantom power. If phantom power is not available it is equipped with a micro USB port for external power source.

It is as simple as plug, connect and play converting any mixer console to be Bluetooth® enabled.

FEATURES

- Powered by 48V Phantom Power
- No cable, battery or software needed
- Enhanced Range: 50' – 100'
- Durable anodized aluminum housing
- L-R audio summing
- Featuring Switchcraft's Balanced Connector
- Front LED status indicator

APPLICATIONS

- Background music
- Presentations
- House Of Worship
- Music rehearsals
