

# SAM Labs Inventor Kit

## Be ingenious

Inventor lets you s-t-r-e-t-c-h your imagination. Use SAM Blocks and the SAM Space app to build awesome projects, games, inventions and hacks. Super quick. Super smart.

### Features:

- 4 rechargeable SAM Blocks
- SAM Space app
- 5 step-by-step project guides
- Bluetooth 4.0
- Easy wireless set-up With 4 wireless SAM Blocks and 5 step-by-step projects you'll master Morse code, make electronic music, protect possessions with an alarm, bring sound to your sketches, and find your groove with a mini-drum machine.

## In the box:

- 4 SAM Blocks
- 1 SAM Light sensor
- 1 SAM Buzzer
- 1 SAM Tilt and 1DC Motor
- 1 Micro USB Charging Cable
- 1 Bluetooth 4.0 Dongle
- 1 Motor Attachment

Once you have completed all the starter projects, many more inventions to build and program await you. Let your creativity run wild and share your creations with the community!
